VOLUME 23 1934 NUMBER 19

Washington, Tuesday, January 28, 1958

TITLE 3—THE PRESIDENT

PROCLAMATION 3218

PAN AMERICAN DAY AND PAN AMERICAN
WEEK, 1958

BY THE PRESIDENT OF THE UNITED STATES
OF AMERICA

A PROCLAMATION

WHEREAS on April 14, 1958, the twenty-one American Republics will celebrate the sixty-eighth anniversary of the founding of a bureau for inter-American cooperation which, as the Pan American Union, now serves as the permanent Organ and General Secretariat of the Organization of American States; and

WHEREAS the evolution of the Organization of American States into its present form has been accompanied by an ever-increasing solidarity of the peoples of the Republics of the Western Hemisphere; and

WHEREAS the Organization, as one of the important associations of free nations, contributes to hemispheric defense and to the advancement of international peace and the ideals of freedom:

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, President of the United States of America, do hereby proclaim Monday, April 14, 1958, as Pan American Day, and the period from April 14 to April 20, 1958, as Pan American Week; and I invite the Governors of the States, Territories, and possessions of the United States of America and the Governor of the Commonwealth of Puerto Rico to issue similar proclamations.

I also urge our citizens and all interested organizations to join in the appropriate observance of Pan American Day and Pan American Week, in testimony of the steadfast friendship which unites the people of the United States with the people of the other American Republics.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of

the United States of America to be affixed.

DONE at the City of Washington this 22d day of January in the year of our Lord nineteen hundred and [SEAL] fifty-eight, and of the Independence of the United States of America the one hundred and eighty-second.

DWIGHT D. EISENHOWER

By the President:

CHRISTIAN A. HERTER,
Acting Secretary of State.

TITLE 7—AGRICULTURE

Chapter VII—Commodity Stabilization Service (Farm Marketing Quotas and Acreage Allotments), Department of Agriculture

PART 730—RICE

SUBPART—1958-59 MARKETING YEAR

PROCLAMATION OF RESULTS OF MARKETING QUOTA REFERENDUM

Section 730.909 is issued to announce the results of the rice marketing quota referendum for the marketing year August 1, 1958, through July 31, 1959, under the provisions of the Agricultural Adjustment Act of 1938, as amended. The Secretary proclaimed a marketing quota for rice for the 1958-59 marketing year (21 F. R. 9416, 9417) and announced (22 F. R. 9438) that a referendum would be held on December 10, 1957, to determine whether rice producers were in favor of or opposed to marketing quotas for the marketing year August 1, 1958, through July 31, 1959. Since the only purpose of this proclamation is to announce results of the referendum, it is found and determined that with respect to this proclamation application of the notice and procedure provisions of the Administrative Procedure Act is unnecessary.

§ 730.909 *Proclamation of the results of the rice marketing quota referendum*

for the marketing year 1958-59. In a referendum of farmers engaged in the production of rice for the 1957 crop held on December 10, 1957, 6,827 farmers voted. Of those voting 6,207 or 90.9 percent favored quotas for the marketing year beginning August 1, 1958. Therefore, rice marketing quotas will be in effect for the 1958-59 marketing year.

TITLE 32—NATIONAL DEFENSE

Chapter V—Department of the Army

Subchapter F—Personnel

PART 573—APPOINTMENT OF COMMISSIONED OFFICERS AND WARRANT OFFICERS

APPOINTMENT IN THE CORPS OF THE ARMY MEDICAL SERVICE, REGULAR ARMY

The heading appearing above §§ 573.1 through 573.6 is changed to read as set forth above, and §§ 573.2, 573.3, 573.4 and 573.5 are revised to read as follows:

§ 573.2 *General eligibility requirements.* See § 573.10.

§ 573.3 *Age and special eligibility requirements.* In addition to the general eligibility requirements in § 573.10, applicants for appointment in the Regular Army in the various corps of the

Army Medical Service must meet the age and special eligibility requirements as indicated in paragraphs (a) through (f) of this section. Male personnel are not eligible for appointment in the Army Nurse and Army Medical Specialist Corps, Regular Army. Applicants for Army Nurse and Army Medical Specialist Corps must be unmarried. Female applicants for appointment in any Corps of the Army Medical Service must have no dependent under 18 years of age, or have any legal or other responsibility for the custody, control, care, maintenance, or support of any individual under 18 years of age, regardless of relationship. No person may be appointed a Regular Army officer in the Veterinary or Medical Service Corps if his age is above that which would permit him to complete 20 years of active commissioned service before he attains his 55th birthday. Applications will not be accepted from individuals who will become ineligible for appointment by virtue of excess age within 3 months subsequent to the date the completed application file would be received in Headquarters, Department of the Army.

(a) *Medical Corps.* Applicant must:

- (1) Have reached 21st birthday.
- (2) Be a graduate of a medical school conferring the degree of doctor of medicine which is acceptable to Headquarters, Department of the Army.

(3) Have had an internship subsequent to graduation which is acceptable to Headquarters, Department of the Army, or,

(4) Have had practical or professional experience equivalent to an internship as determined by The Surgeon General in each case.

(b) *Dental Corps.* Applicant must:

(1) Have reached 21st birthday.

(2) Be a graduate of a dental school conferring the degree of doctor of dental surgery or doctor of dental medicine which is acceptable to Headquarters, Department of the Army.

(c) *Veterinary Corps.* Applicant must:

(1) Have reached 21st birthday but not 32d birthday on date of appointment. This maximum age may be increased by the number of years, months, and days of active Federal service performed after attaining the age of 21 years as a commissioned officer in the Army subsequent to December 6, 1941.

(2) Be a graduate of a veterinary school conferring the degree of doctor of veterinary medicine which is acceptable to Headquarters, Department of the Army.

(3) Hold a commission as a Reserve officer of the Army and be assigned to the Veterinary Corps branch.

(4) Be on active duty at time of application and screening but need not be on active duty at time of appointment.

(d) *Medical Service Corps.* Applicant must:

(1) Have reached 21st birthday but not 30th birthday on date of appointment. This maximum age may be increased by the number of years, months, and days of active Federal service performed after attaining the age of 21

years as a commissioned officer in the Army subsequent to December 6, 1941.

(2) Have the qualifying college education indicated under each specialty. The educational requirements indicated below must be met through attainment of the qualifying degree from a college or university accredited by, or holding membership in, one of the appropriate national accrediting associations or national professional organizations listed in Educational Directory, part 3, Higher Education (published by the Office of Education, Department of Health, Education and Welfare) or, for the specialty of psychology, in The American Psychologist (published by the American Psychological Association.) In all cases the accreditation must be effective for the date on which the degree was attained. The acceptability of the degree of doctor of philosophy in industrial, social, or experimental psychology and in psychophysiology will be determined in each case by The Surgeon General. Specialty areas and requirements are as follows:

(i) *Pharmacy, Supply, and Administration Section.* Bachelor's degree, except that a waiver may be considered provided applicant achieves a qualifying score on the Educational Requirements Test (DA Form 6200) and evidences outstanding ability as demonstrated by his military record.

(ii) *Medical Allied Sciences Section.* Possesses the appropriate degree and other requirements for service in one of the specialty fields listed below:

(a) *Medical entomology.* Bachelor's degree with major in entomology, including at least one course in medical entomology, plus master's degree in entomology or public health.

(b) *Medical laboratory.* Master's degree in bacteriology, biochemistry, immunology, microbiology, parasitology, serology, toxicology, radiobiology or health physics, or equivalent training in a science allied to medicine as determined by the Surgeon General.

(c) *Nutrition.* Doctor of philosophy or its equivalent in nutrition, nutritional biochemistry, or nutritional physiology.

(d) *Psychology.* Doctor of philosophy or its equivalent in clinical, industrial, social, or experimental psychology or in psychophysiology.

(e) *Social Work.* Master's degree in social work.

(f) *Chiropody.* Doctor of surgical chiropody or doctor of podiatry and be currently licensed to practice chiropody or podiatry in the United States, a Territory of the United States or in the Commonwealth of Puerto Rico.

(iii) *Sanitary Engineering Section.* Bachelor's degree in sanitary, civil, or chemical engineering.

(iv) *Optometry Section.* Degree in optometry and be currently licensed to practice optometry in the United States, a Territory of the United States or in the Commonwealth of Puerto Rico.

(3) Hold a commission as a Reserve officer of the Army.

(4) Be on extended active duty at time of application and screening but need not be on active duty at time of appointment.

(e) *Army Nurse Corps.* Applicant must:

(1) Be at least 21 years of age but less than:

(i) 27 for appointment in the grade of second lieutenant,

(ii) 30 for appointment in the grade of first lieutenant,

(iii) 39 for appointment in the grade of captain, on the date of nomination for appointment by the President. Maximum ages for appointment in the grade of second and first lieutenant may be increased by an amount equal to the period of active Federal commissioned service performed in the Armed Forces after December 7, 1941, but not more than 5 years.

(2) Hold a Reserve commission and be assigned to the Army Nurse Corps.

(3) Have been graduated from a hospital or university school of nursing accredited by the National League for Nursing and acceptable to Headquarters, Department of the Army, and possess evidence of current nursing registration in the United States, a Territory of the United States or in the Commonwealth of Puerto Rico.

(f) *Army Medical Specialist Corps.* Applicant must:

(1) Meet the age and grade requirements specified in paragraph (e) (1) of this section.

(2) Hold a Reserve commission and be assigned to the Army Medical Specialist Corps branch of the Army.

(3) Have the educational requirements for appointment in the Army Medical Specialist Corps, Regular Army, as follows:

(i) *Dietitian Section.* Bachelor's degree with a major in foods and nutrition or in institution management and certificate of completion of dietetic internship (administrative or hospital) or evidence of equivalent experience, approved by the American Dietetic Association and acceptable to Headquarters, Department of the Army.

(ii) *Physical Therapist Section.* Bachelor's degree and certificate of completion of a course in physical therapy approved by the Council on Medical Education and Hospitals of the American Medical Association and acceptable to Headquarters, Department of the Army.

(iii) *Occupational Therapist Section.* Bachelor's degree and certificate of completion of a course in occupational therapy approved by the Council on Medical Education and Hospitals of the American Medical Association and acceptable to Headquarters, Department of the Army.

§ 573.4 *Service credit.* For purposes of determining permanent grade, position on the appropriate promotion list, seniority in permanent grade, and eligibility for permanent promotion, each officer appointed in the Regular Army under §§ 573.1-573.6 will be credited at time of appointment with service as computed by Headquarters, Department of the Army, in the following manner:

(a) *Medical and Dental Corps.* Appointee may be accredited with service as indicated in subparagraphs (1) through (6) of this paragraph. Service credit for periods of less than a full year

(other than credit under subparagraph (2) (i) of this paragraph) will be computed based on the number of months and days in such periods; however, an officer appointed in the Medical Corps will not be credited with less than 5 years' service.

(1) Credit for prior active commissioned service:

(i) As a medical or dental officer in the Army, Navy, or Air Force, 100 percent credit.

(ii) Other than as a medical or dental officer, in the Army, Navy, Air Force, or United States Marine Corps, 100 percent credit for the first 2 years, 50 percent credit for each succeeding year not exceeding 4 years, and no additional credit for service in excess of 6 years.

(2) Credit for professional education, training, and experience not credited under subparagraph (1) of this paragraph.

(i) Completion of medical or dental school, 4 years credit.

(ii) Professional education, training, and experience following graduation from medical or dental school, including internship, 100 percent credit for the first 2 years and 80 percent credit for each succeeding year.

(3) Credit for outstanding qualifications. An additional amount, when warranted, of not to exceed 3 years, as determined by Headquarters, Department of the Army. In the case of an individual credited with service under this provision, the total amount of service credited for the period of time subsequent to graduation from medical or dental school may not exceed an amount equal to the number of years, months, and days subsequent to graduation.

(4) In computing credit, no period of time may be counted more than once except for credit under subparagraph (3) of this paragraph.

(5) No officer appointed in the Medical or Dental Corps under §§ 573.1-573.6 who has had a break in active service as a medical or dental officer will be given credit which is equal to or in excess of the service with which he would have been credited except for such break in service. In such cases, an appropriate amount of service will be credited as determined by Headquarters, Department of the Army. The service credited in such cases will not be less than that specified in subparagraph (2) (i) of this paragraph, and that portion of subparagraph (2) (ii) of this paragraph which provides for 100 percent credit for the first 2 years of professional education, training, and experience following graduation from medical or dental school, including internship.

(6) In determining credit for a graduate of a foreign medical school, a constructive date of graduation will be determined by Headquarters, Department of the Army, to equate the individual's state of training with that at which he would have been graduated had he received such training in the United States.

(7) The provisions of this paragraph do not affect service creditable for voluntary or mandatory retirement or for pay purposes.

(b) *Veterinary and Medical Service Corps.* Appointee may be credited with the active commissioned service in the Army after December 6, 1941, that he performed after becoming 21 years of age and before his appointment. In addition, individuals appointed in the Veterinary Corps will be given 3-years' service credit for professional education and individuals appointed in the Medical Service Corps who hold a degree of doctor of philosophy or comparable degree recognized by The Surgeon General in a science allied to medicine will be given 3-years' credit reduced by the amount of any active commissioned service previously credited which covered any part of the period during which the appointee was engaged in professional graduate education for which the qualifying degree was granted.

(c) *Army Nurse and Army Medical Specialist Corps.* Appointee will be credited with all the active commissioned service in the Armed Forces that she performed after becoming 21 years of age and before her appointment; however, not more than 14 years of service may be credited. An individual appointed in the grade of first lieutenant who has not performed at least 3 years of active commissioned service in the Armed Forces after December 7, 1941, will be credited at time of appointment with 3 years of service.

§ 573.5 *Grade determination.* (a) The grade of individuals appointed under §§ 573.1-573.6 (other than in the Army Nurse and Army Medical Specialist Corps) will be based on the service credited an appointee. The permanent grade will be that held by the junior officer on the applicable promotion list (who is not a deferred officer or an officer considered but not selected for promotion under section 518 of the Officer Personnel Act of 1947) having the same or next longer service, and the name of an officer so appointed will be placed on that list immediately below such officer.

(b) Based upon service credited under § 573.4 (c) the permanent grade of individuals, appointed in the Army Nurse Corps or Army Medical Specialist Corps, Regular Army, under §§ 573.1-573.6 will be as follows:

- | | |
|---|--------------------|
| (1) Less than 3 years and not qualified for appointment in the grade of first lieutenant. | Second lieutenant. |
| (2) Less than 7 years' service | First lieutenant. |
| (3) At least 7 years' service | Captain. |

The name of an officer so appointed will be placed on the applicable promotion list immediately below the junior officer of the same grade having the same or next longer service.

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedures appearing hereinafter are adopted to become effective when indicated in order to promote safety. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

NOTE: Where the general classification (L/MFR, ADF, VOR, TerVOR, VOR/DME, ILS, or RADAR), location, and procedure number (if any) of any procedure in the amendments which follow, are identical with an existing procedure, that procedure is to be substituted for the existing one, as of the effective date given, to the extent that it differs from the existing procedure; where a procedure is cancelled, the existing procedure is revoked; new procedures are to be placed in appropriate alphabetical sequence within the section amended.

1. The low or medium frequency range procedures prescribed in § 609.100 (a) are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of Civil Aeronautics. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

TITLE 46—SHIPPING

Chapter II—Federal Maritime Board, Maritime Administration, Department of Commerce

Subchapter B—Regulations Affecting Maritime Carriers and Related Activities

[General Order 83]

PART 235—SCHEDULES OF COMMON CARRIERS BY WATER IN FOREIGN COMMERCE

FILING OF SCHEDULES; CONTENTS

The following appendix is added to § 235.1 (General Order 83 replaces Order 128 (Docket No. 128—Investigation—section 19, Merchant Marine Act, 1920).):

APPENDIX

The following is to be observed in connection with § 235.1:

(a) Each schedule filed as required by § 235.1 should contain the following information:

(1) A title and number by which it may be identified. Unless a sequence of numbers has already been established and is desired to be continued, initial filings under this order should be numbered "1", and subsequent

filings should be numbered in sequence. Changes, modifications or cancellations should show the identifying title and number of the schedule which is changed, modified or cancelled.

(2) The name of the carrier (or carriers if filed on behalf of more than one.)

(3) The ports (or territory if no restrictions are made as to ports) from which and to which the schedule applies.

(4) The effective date.

(5) The name of the conference, if a conference schedule is filed. If desired this may be included in the title.

(6) The name, title and address of the person by whom the schedule is filed.

(7) The rates and charges, including the basis for assessment thereof; e. g., whether per 2,240 lbs., per 40 cubic feet, per 100 lbs., etc. Where a rate is shown as being on a weight or measurement basis the schedule should show the rule for determining which basis is to be applied; e. g., whichever produces the greater revenue. Where a contract system is in effect, both contract and non-contract rates should be shown.

(8) Definitions of all symbols and abbreviations used.

(9) All other information necessary to show the proper application of the rates and charges.

(b) A schedule may be amended as necessary by the issuance of either revised pages

or numbered supplements. Every such amendment should bear an effective date and a suitable reference to the schedule it amends.

(c) In the filing of joint through rates the names of all participating carriers should be shown; the division of the rate as between carriers need not be shown. In the absence of any arrangement between carriers to the contrary, the filing should be made by the initial carrier. This, however, does not relieve any of the participating carriers from their responsibility of seeing that the required filing is accomplished, and does not change any requirements in connection with the filing of agreements under section 15 of the Shipping Act, 1916.

(d) Where transshipping carriers have agreed to observe the schedules of direct carriers, they need not file separate schedules but in lieu thereof, they may file a statement, under designating title and number, making specific reference to the schedule on file which they observe.

(e) In lieu of filing individual schedules conference carriers may file jointly single schedule through a conference official, such as the chairman or secretary. Evidence of this official's authority to file on behalf of conference members must be furnished. A copy of the minutes of the conference showing that members have unanimously author-

ized this official to file on their behalf will be accepted.

(f) Should a conference relinquish rate making authority over any particular commodity; e. g., by declaring the rate open thereon, or authorize departure by individual members from conference schedules filed pursuant to General Order 83, each individual carrier must file within the prescribed time the rates which it has actually charged on such shipments, except on cargo loaded in bulk without mark or count. These rates may be filed through the authorized conference official, if so desired.

(g) As the rates to be filed under General Order 83, must be the rates actually charged, schedules should not contain statements to the effect that the rates shown therein are minimum rates, or any other than the actual rates.

(h) It is desired to subject carriers to the minimum of expense and inconvenience in the filing of schedules; therefore, no restrictions are placed on the size or kind of paper to be used, nor on the form of schedule to be filed. Wherever convenient, however, it is hoped that schedules will be submitted in loose-leaf form on paper not larger than 8 inches by 11 inches.

The reporting requirements contained in this appendix to § 235.1 have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(Sec. 204, 49 Stat. 1987, as amended; 46 U. S. C. 1114. Interprets or applies sec. 19, 41 Stat. 995, as amended; 46 U. S. C. 876)

Dated: January 23, 1958.

PART 5—EXPERIMENTAL RADIO SERVICES

MISCELLANEOUS AMENDMENTS

In the matter of revision of Part 5 of the Commission's rules and regulations to effect certain editorial changes therein.

The Commission having under consideration the desirability of making certain editorial changes in Part 5 of its rules and regulations; and

It appearing that §§ 5.54, 5.58 and 5.162 should be editorially conformed to the language in the revision of Part 1 of the Commission's rules adopted on December 11, 1957, in Docket No. 11846 (FCC 57-1353) after rule making proceedings pursuant to the Administrative Procedures Act, and published in the FEDERAL REGISTER on December 28, 1957; and that the footnote to § 5.63 is no longer applicable since all renewals are now on the new schedule; and

It appearing that the amendments adopted herein are editorial in nature; and, therefore, prior publication of notice of proposed rule making pursuant to the provisions of section 4 (a) and (b) of the Administrative Procedure Act is unnecessary, and since the amendments are editorial and relieve existing restrictions, they are not subject to the provisions of section 4 (c) of the Administrative Procedure Act; and

It further appearing that the amendments adopted herein are issued pursuant to authority contained in sections 4 (i) and 303 (r) of the Communications Act of 1934, as amended, and section 0.341 (a) of the Commission's Statement of Organization, Delegations of Authority and Other Information;

It is ordered, This 23d day of January 1958, that, effective February 3, 1958, §§ 5.54, 5.58, 5.63 and 5.162 are amended as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply sec 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: January 23, 1958.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] MARY JANE MORRIS,
Secretary.

Part 5 is amended as follows:

1. Amend § 5.54 to read as follows:

§ 5.54 *Subscription and verification of applications and amendments.* Each application, or amendment thereto and each written statement of fact required by the Commission from any applicant shall be personally signed under oath or affirmation by the applicant, if an individual; a partner of the applicant, if a partnership; an officer or duly authorized employee of the applicant, if a corporation; or a member who is an officer if the applicant is an unincorporated association: *Provided, however,* That subscription and verification may be made by the attorney for the party in case of physical disability of the party or absence from the continental United States. If subscription and verification is made by a person other than the applicant, such person must set forth in the verification the grounds of his belief as to all matters not stated upon his knowledge and the reason why it is not made by the applicant.

2. Amend § 5.58 to read as follows:

§ 5.58 *Partial grants.* Where the Commission without a hearing grants any application in part, or with any privileges, terms, or conditions other than those requested, or subject to any interference that may result to a station if designated application or applications are subsequently granted, the action of the Commission shall be considered as a grant of such application unless the applicant shall, within 30 days from the date on which such grant is made or from its effective date if a later date is specified, file with the Commission a written request rejecting the grant as made. Upon receipt of such request, the Commission will vacate its original action upon the application and set the application for hearing in the same manner as other applications are set for hearing.

3. Delete footnote indicator at end of § 5.63 and delete footnote 1.

4. Amend § 5.162 to read as follows:

§ 5.162 *Notice of violation.* (a) Any licensee who appears to have violated any provision of the Communications Act or any provision of this chapter, shall be served with a written notice calling the facts to his attention and requesting a statement concerning the matter.

(b) Within 10 days from receipt of notice or such other period as may be specified, the licensee shall send a written answer, in duplicate, direct to the office of the Commission originating the official notice. In an answer cannot be sent nor an acknowledgment made within such 10-day period by reason of illness or other unavoidable circumstances, acknowledgment and answer shall be made at the earliest practicable date with a satisfactory explanation of the delay.

(c) The answer to each notice shall be complete in itself and shall not be abbreviated by reference to other communications or answers to other notices. If the notice relates to violations that may be due to the physical or electrical characteristics of transmitting apparatus, the answer shall state fully what steps, if any, have been taken to prevent future violations, and, if any new apparatus is to be installed, the date such apparatus was ordered, the name of the manufacturer, and the promised date of delivery. If the installation of such apparatus requires a construction permit, the file number of the application shall be given, or if a file number has not been assigned by the Commission, such identification shall be given as will permit ready identification of the application. If the notice of violation relates to lack of attention to or improper operation of the transmitter, the name and license number of the operator in charge shall be given.

[Rules Amdt. 16-21]

PART 16—LAND TRANSPORTATION RADIO SERVICES

MISCELLANEOUS AMENDMENTS

In the matter of amendment of Part 16, rules governing the Land Transportation Radio Services, to implement "channel splitting" in the frequency range 152-162 Mc, and to suballocate the new frequencies thus made available.

On April 3, 1957, the Commission adopted a notice of proposed rule making in the above entitled matter which was released on April 9, 1957 and published in the FEDERAL REGISTER of April 16, 1957 (22 F. R. 2602). A further notice of proposed rule making, specifying certain changes in the original proposal, was adopted by the Commission on June 23, 1957, released on July 2, 1957 and published in the FEDERAL REGISTER of July 6, 1957 (22 F. R. 4765).

The time allowed for the submission of comments in this matter has expired. Original comments were received from the Willett Company, the Automobile Club of New York, the American Automobile Association, the American Trucking Associations, Inc., the Association of American Railroads, the Radio-Corporation of America, and the A. & P. Trucking Corporation. Reply comments, in response to original comments, were received from the Association of American Railroads and the Keystone Automobile

Club. In addition, the Electronics Industries Association has petitioned that certain comments filed by it in the proceeding in Docket No. 11993 be taken into consideration in this proceeding, since filing was inadvertently made in the wrong docket. In general, all of the foregoing comments concur with the Commission's basic proposal in this matter; however, certain comments suggest changes in the original proposal which will be discussed in full below. No request was made for an oral argument or hearing in this matter.

In addition to the comments filed in this proceeding, certain other comments have been filed in a companion proceeding (Docket No. 11959) which have a direct bearing on the action taken herein. We refer to the comments filed by the National Association of Radio and Television Broadcasters, Midwest Radio-Television, Inc., the Chronicle Publishing Company, and the National Broadcasting Company, Inc., who will be referred to jointly as the "Broadcasters". The Broadcasters, in general, contend that the frequency band 161.645-161.825 Mc proposed in Docket No. 11959 to be made available for use by Remote Pickup Broadcast Stations, is insufficient to provide the desired number of "broadcast quality" voice channels for that purpose, and that in lieu of the proposed six new 30-kc channels a total of ten new 60-kc channels should be allocated in that portion of the spectrum for broadcast pickup purposes. However, the Commission notes that the present authority for shared use of frequencies in the range 152.87-153.35 Mc is not being deleted, and that at least one megacycle of space (ten 100-kc channels or twenty 50-kc channels) are proposed to be retained for remote pickup broadcast station use in the band 450-460 Mc.

Accordingly, the Commission is of the opinion that the new exclusive frequency space 161.645-161.825 Mc, as proposed, will provide an equitable compensation for the anticipated reduction in the actual availability of frequencies in the band 152.87-153.35 Mc which may be caused by increased usage by the Industrial Radio Services, and will meet the demonstrated needs of the broadcast industry for additional facilities for Remote Pickup Broadcast purposes. Therefore, the request of the Broadcasters for additional frequencies in this portion of the spectrum which might result in a reduction in the number of frequencies available to the Land Transportation Radio Services must be and is denied; however, for reasons noted below, the frequency band which will be left available at this time for allocation to remote pickup broadcast stations is extended to include the band 161.625-161.825 Mc. The actual allocation to that class of stations, if made, and the channeling of that band in accordance with the needs of those stations, will be accomplished in the companion proceeding (Docket No. 11959) or in a separate proceeding, as appropriate.

The original Notice of Proposed Rule Making in this proceeding, and the supplementary Further Notice of Proposed Rule Making, pointed out the possible

need for the frequency 161.6 Mc (or the band 161.575-161.625 Mc) to provide a maritime mobile duplex frequency pair (with the frequency 157.00 Mc) as a single voice channel for port operation in keeping with the Baltic-North Sea Agreement (The Hague, 1957). In view of the distinct possibility that, in the companion proceeding (Docket No. 11959), the above frequency band will be allocated to the maritime mobile service, that frequency band is not included in any of the present actions in this proceeding and will be left available for such reallocation.

The comments of the American Trucking Associations, as well as those of the Willett Company, having bearing on the proposed inclusion in the Motor Carrier Radio Service of common or contract carriers of property operating solely within urban areas, will be separately considered in this proceeding at a later date. Also, the matter of the availability of frequencies in the range 159.495-160.200 Mc to the Motor Carrier Radio Service will be considered at a later date and will be coordinated with the consideration of other outstanding proposals affecting frequencies which might be made available to the Motor Carrier Radio Service, including Dockets Nos. 11993, 11997 and 12169. It is noted at this time, however, that the American Trucking Associations objected to the deletion of the possible availability to the Motor Carrier Radio Service of the frequencies 160.215, 160.230, 160.245 and 160.260 Mc as outlined in the Further Notice of Proposed Rule Making, and suggested that any reduction in the availability of frequencies in this range to the Land Transportation Radio Services to provide for the maritime mobile frequency 161.6 Mc should come from those proposed to remain available to the Railroad Radio Service. With this objection the Commission is unable to agree. The entire frequency band here under consideration (159.49-161.85 Mc) is presently allocated to the Land Transportation Radio Services and available only to the Railroad Radio Service. The Association of American Railroads, in recognition of the technical advances in the radio art and of the needs of other services, and on the basis of an industry-wide frequency assignment plan, has concurred with the Commission's proposal that portions of that band be made available to other services. However, the Association has stated that its frequency assignment plan requires a minimum of 45 frequencies at 30 kc spacing, plus the "tertiary" frequencies derived therefrom. In view of the fact that the Motor Carrier Radio Service, which presently has available no frequencies in the 152-162 Mc range, will gain by any action in this proceeding which will provide it frequencies in that range, and also in view of the fact that other new frequencies are proposed to be made available to the Motor Carrier Radio Service in the 43.68-44.61 Mc range in the proceeding in Docket No. 12169, the Commission finds no merit in the objection of the American Trucking Associations and their request is denied in this respect.

The Association of American Railroads, while concurring in the general

proposal of the Commission in this proceeding as indicated above, points out that the rigid geographical separation requirements and other restrictive limitations proposed to be applicable to the use of "secondary" and "tertiary" frequencies may unnecessarily limit their use to the extent that the requirements of potential licensees for frequencies in certain congested terminal areas will not be met. On the basis that the frequency coordinating committees of the Association will take into consideration all factors which formed the basis for the rigid geographical limitations and other restrictions proposed by the Commission, the Association recommends that the immediate assignment of "secondary" and "tertiary" frequencies be permitted under appropriate safeguards but without regard to (1) specific mileage separation, (2) any requirement that each application be accompanied by the concurrence of all other users of the same frequency within 75 miles, (3) an engineering showing regarding interference or, (4) the priority of usage of secondary over tertiary frequencies. The Commission has considered the recommendation of the Association of American Railroads in this regard and has concluded that a large part of the relief sought may be granted. In addition, the Commission has considered the comment¹ of the Electronics Industries Association (originally filed in Docket No. 11993 in error) and, to the extent the recommendations contained therein are consistent with other action taken herein, they are adopted. Accordingly, the provisions regarding the use of "secondary", "tertiary", and "off-set" frequencies as originally proposed, are modified and adopted herewith as set forth below, and to the extent that the policy concerning priority of use of secondary frequencies over tertiary frequencies enunciated in Docket No. 11253 is inconsistent that policy is hereby modified. To the extent that the principles stated by the recommendations of the Association of American Railroads and the Electronics Industries Association are consistent therewith, such recommendations are adopted by the Commission; however, their requests for the adoption of specific language contained in the recommendations are denied as inconsistent with other determinations in this proceeding.

The American Automobile Association and the Automobile Club of New York request, in brief, that additional frequencies be made available by means of this or some related proceeding, for use by stations in the Automobile Emergency Radio Service operated by or on behalf of associations of owners of private automobiles. Similarly, the Keystone Automobile Club requests that the frequencies proposed in this proceeding to be made available to the Automobile Emergency Radio Service for use by stations operated by public garages be also made available for use by stations operated by or on behalf of automobile clubs. The considerations advanced by the Keystone Automobile Club were originally stated

by the Commission in the Notice of Proposed Rule Making in this proceeding: namely, that long range interference to operation on the frequencies 35.70 and 35.98 Mc appears to make the substitution of frequencies in the range 152-162 Mc advisable. In view of the fact that, under certain conditions, automobile clubs as well as public garages may be authorized to use 35.70 or 35.98 Mc, the Commission is disposed to concur that both classes of user should be permitted to utilize the frequencies in the 152-162 Mc band. Accordingly, the frequencies 157.470, 157.485 and 157.500 Mc are made available to the Automobile Emergency Radio Service for use on a shared basis by stations of automobile clubs and of public garages, under the condition specified in the rule amendments adopted herewith.

Several of the comments received in this proceeding express concern regarding (1) the possible delay before any new frequencies actually become available for use by stations in the respective services, and (2) the period to be allowed during which existing licensees may continue to use presently authorized frequencies which will no longer be listed as available for use by their stations under the rules as amended herewith. The Commission has considered all suggestions and comments with respect to this matter, and has concluded that public interest would clearly be served by permitting immediate usage of the respective new frequencies in accordance with the provisions of its rules as amended by the action herein. Accordingly, no delay not inherent in the requirement of the avoidance of unnecessary interference will be imposed on the use of frequencies newly made available to stations in the respective services by this proceeding; however, the decision as to an exact date on which existing usage shall be discontinued of frequencies not in conformity with the amended rules, will be reserved to a later date. It may be noted, however, that the foregoing in no way affects the effective dates of the "narrow band" technical standards adopted in the proceeding in Docket No. 11253.

In view of the foregoing, the Commission finds that the public interest, convenience and necessity will be served by the amendments herein ordered and pursuant to authority contained in sections 4 (i) and 303 of the Communications Act of 1934, as amended: *It is ordered*, That existing licensees operating mobile communication systems in the Land Transportation Radio Services (other than in the Highway Truck Radio Service) on frequencies which will not otherwise be available for use by such licensees under the provisions of the Commission's rules as amended herewith may continue to operate the stations of such systems on the respective frequencies for the period of their existing authorizations or until further order of the Commission, and may renew or modify the authorizations of existing stations or add new base or mobile stations to such systems when using such frequencies, but may not establish any new systems in the Land Transportation

Radio Services, using frequencies not in conformity with the Commission's rules as amended herewith; and

It is further ordered, That, effective April 1, 1958, Part 16 of the Commission's rules, Land Transportation Radio Services, is amended as set forth below. (Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Adopted: January 22, 1958.

Released: January 23, 1958.

FEDERAL COMMUNICATIONS
COMMISSION,
[SEAL] MARY JANE MORRIS,
Secretary.

1. Amend paragraph (z) of § 16.6 (Definition of terms) to read as follows:

(z) *Bandwidth occupied by an emission.* The band of frequencies comprising 99 percent of the total radiated power extended to include any discrete frequency on which the power is at least 0.25 percent of the total radiated power. (Par. 58, Atlantic City Radio Regulations).

2. Amend § 16.8 by the addition of the following new paragraphs:

(f) Frequencies designated as "secondary" or "tertiary" in the various subparts of this part are available for assignment in accordance with the following schedule:

(1) Secondary frequencies become generally available for assignment on November 1, 1963; however, assignment may be made prior to that date in those cases where both (i) the equipment to be used meets the technical standards effective November 1, 1963, and (ii) the applicant coordinates the selection of each secondary frequency in accordance with the procedure set forth in § 16.9 with respect to all frequencies assigned to stations in the same or other services within 30 kc of the frequency or frequencies requested in the application.

(2) Tertiary frequencies are available for assignment on a case-by-case basis, at the discretion of the Commission, when the equipment to be used meets the technical standards effective November 1, 1963: *Provided*, That either (i) a satisfactory showing is made that operation on the requested tertiary frequency will result in the least interference to existing stations of other licensees operating within local interference range on frequencies within the frequency band involved, or (ii) such assignment is recommended to the Commission in accordance with the provisions of § 16.9 (c).

(g) Except in the Taxicab Radio Service, the Commission may authorize, on a developmental basis only, the use of a frequency in the 152-162 Mc band not specifically listed as available for assignment: *Provided*, That:

(1) The frequency is within 7½ kc of a frequency listed as available for assignment to the station in the service involved;

(2) The equipment to be used meets the technical standards effective November 1, 1963; and

¹ Consideration of that comment renders moot the petition of the EIA filed in this proceeding, and it is hereby dismissed.

(3) The applicant submits adequate showing that such irregular assignment will be less likely to result in mutual harmful interference than would the assignment of one of the listed frequencies in the same band available to such station.

3. Amend § 16.204 to read as follows:

§ 16.204 *Frequencies available for assignment.* (a) Stations engaged in developmental operation may be authorized to use a frequency or frequencies, available for the particular service in which they propose to operate. The number of channels assigned will depend upon the specific requirements of the developmental program and the number of frequencies available in the particular area where the station will be operated.

(b) The following frequency bands are available for assignment to base stations and mobile stations in any of the Land Transportation Radio Services for developmental operation only, using any type of emission other than pulsed emission: *Provided*, That the bandwidth occupied by the emission of each such station shall be contained at all times within the assigned frequency band:

Frequency bands:

157.450-157.4625 Mc.
159.480-159.4875 Mc.

4. Amend the table of frequencies in § 16.352 (a) to read as follows:

Mc	Mc	Mc	Mc
160.215	160.560	160.905	161.250
160.230	160.575	160.920	161.265
160.245	160.590	160.935	161.280

¹Secondary frequency—see § 16.3 (f).

²Tertiary frequency—see § 16.3 (f).

³In Puerto Rico and the Virgin Islands only, these frequencies are not available to stations operating in the Railroad Radio Service.

⁴This frequency is available on a shared basis with remote pickup broadcast stations in Puerto Rico and the Virgin Islands.

5. Amend the table of frequencies in § 16.402 (b) to read as follows:

Base and Mobile (Mc)	Mobile only (Mc)
152.27	157.53
¹ 152.30	¹ 157.56
152.33	157.59
¹ 152.36	¹ 157.62
152.39	157.65
¹ 152.42	¹ 157.68
152.45	157.71

¹Secondary frequency—see § 16.3 (f).

²These frequencies are available only for assignment to Base or Mobile Stations operating wholly within Standard Metropolitan Areas having 50,000 or more population.

6. Amend § 16.503 (a) to read as follows:

§ 16.503 *Frequencies available for base and mobile stations.* (a) The following frequencies are primarily available for assignment to base stations and mobile stations, other than those aboard aircraft, which are operated by or on behalf of public garages: *Provided*, That only one of these frequencies shall be assigned to the stations of any single licensee operating in a given area:

Frequencies (Mc)

¹157.470

²157.485

³157.500

¹Secondary frequency, see § 16.3 (f).

²Tertiary frequency, see § 16.3 (f).

At the discretion of the Commission the frequencies listed in this paragraph may also be assigned to base stations and to mobile stations, other than those aboard aircraft, which are operated by or on behalf of associations of owners of private automobiles upon a showing that all other frequencies available for assignment to such stations are currently assigned to other stations for use in the area concerned and that the use of the requested frequency, in each case, will be less likely to result in mutual harmful interference than would the use of a frequency otherwise available to the station.

PART 16—LAND TRANSPORTATION RADIO SERVICES

APPLICANT INFORMATION IN MOTOR CARRIER RADIO SERVICE

In the matter of amendment of § 16.251 (b) of Part 16, Land Transportation Radio Services, to more clearly set forth the information an applicant in the Motor Carrier Radio Service should submit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 22d day of January 1958;

The Commission having under consideration amendment of § 16.251 (b) of its rules governing the Motor Carrier Radio Service to simplify and more clearly set forth the information which should be submitted by an applicant in that service for the purpose of establishing his eligibility therein; and

It appearing that the Commission on October 2, 1957, adopted a notice of proposed rule making in this matter which was published in the FEDERAL REGISTER on October 9, 1957 (22 F. R. 8018) in accordance with section 4 (a) of the Administrative Procedure Act; and

It further appearing that the period in which interested persons were afforded an opportunity to submit comments with respect thereto has expired; and

It further appearing that comment in support of the Commission's proposal was filed by the American Trucking Associations, Inc. and that no objection or adverse comments have been received; and

It further appearing that the public interest and necessity will be served by the amendment herein ordered, that authority therefor is contained in sections 4 (i) and 303 of the Communications Act of 1934, as amended;

It is ordered, That effective March 3, 1958, § 16.251 (b) is amended as set forth below.

(Sec. 4, 48 Stat. 1066, as amended; 47 U. S. C. 154. Interpret or apply sec. 303, 48 Stat. 1082, as amended; 47 U. S. C. 303)

Released: January 23, 1958.

FEDERAL COMMUNICATIONS
COMMISSION,

[SEAL] MARY JANE MORRIS,
Secretary.

Delete the present paragraph (b) of § 16.251, and substitute the following new paragraph:

(b) For the purpose of establishing eligibility in this service, each applicant shall submit a statement in sufficient detail to clearly establish the extent and type of transportation activity in which engaged, describing the area or points served, and identifying the authorization under which such service is rendered (as for example, a valid certificate of public convenience or an equivalent document issued by a federal, state, territorial or local regulatory body) or stating that there is no requirement for such authorization in the area in which he operates. In the case of a non-profit corporation or association for which provision is made in this section, the application shall be accompanied by a listing of all persons to whom radiocommunication service is proposed to be furnished, together with the foregoing information with respect to each such proposed participant. Certificates, permits, or similar documents to which reference is made for the purpose of establishing eligibility need not be submitted to the Commission, unless specifically requested, but shall be clearly identified by document title and number, together with the name of the issuing jurisdiction and the date of issuance.

MILK IN THE BLUEFIELD MARKETING AREA NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held at the West Virginian Hotel, Federal Street, Bluefield, West Virginia, beginning at 10:00 a. m., on February 11, 1958, with respect to proposed amendments to the tentative marketing agreement and to the order, regulating the handling of milk in the Bluefield marketing area.

The public hearing is for the purpose of receiving evidence with respect to the economic and marketing conditions which relate to the proposed amendments, hereinafter set forth, and any appropriate modifications thereof, to the tentative marketing agreement and to the order.

The proposed amendments, set forth below, have not received the approval of the Secretary of Agriculture.

Proposed by Tri-State Milk Producers Association, Inc.:

1. Delete § 1012.51 (a) and substitute the following paragraph:

(a) *Class I milk price.* The Class I milk price shall be the basic formula price for the preceding month, plus \$2.10 during the months of August through February and plus \$1.70 during all other months.

2. Amend § 1012.51 (b) (1) by deleting Borden Company, Chester, South Carolina, and substituting Kraft Foods Company, Independence, Virginia.

3. Amend § 1012.11 (b) by deleting subparagraphs (1) and (2), specifically:

(1) Any day during the months of April through July; and

(2) On not more than 15 days during any of the months of August through March.

4. Delete § 1012.42 (c) and substitute therefor the following:

(c) Multiply the pounds of butterfat and skim milk, respectively, determined pursuant to paragraph (a) or (b) of this section, whichever is less, by the per-

centage of butterfat and skim milk classified pursuant to § 1012.41 (a) and (b) (1) (2) (3) (except diverted milk in Class I or Class II milk and shrinkage determined pursuant to paragraph (a) of this section) which is in Class II milk. The resulting amounts of skim milk and butterfat shall be classified as Class II milk; and.

Proposed by the Dairy Division, Agricultural Marketing Service:

5. Delete the no longer applicable provisions in § 1012.80 and § 1012.82 (a).

6. Make such changes as may be required to make the entire marketing agreement and order conform with any amendments thereto which may result from this hearing.

Copies of this notice of hearing and the order may be procured from the Market Administrator, 617½ Shelby Street, Bristol, Tennessee, or from the Hearing Clerk, Room 112, Administration Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Issued at Washington, D. C., this 23d day of January 1958.

COLOR CERTIFICATION; DEFINITION OF TERM "COAL-TAR COLOR"

NOTICE OF HEARING

In the matter of amending the definition of the term "coal-tar color":

A notice of proposed rule making was published in the FEDERAL REGISTER of January 24, 1957 (22 F. R. 477), setting forth a proposed amendment to the definition of the term "coal-tar color". An order acting on such proposal, to become effective 90 days from date of publication, was published in the FEDERAL REGISTER of June 7, 1957 (22 F. R. 4017). Within 30 days from the date of publication of that order, objections thereto were filed, as provided for in the order.

By a notice published in the FEDERAL REGISTER of August 20, 1957 (22 F. R. 6658), the amendment to the definition of the term "coal-tar color" in § 9.1 (a) of the regulations for color certification was stayed in its entirety.

Now, therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 701 (e), 52 Stat. 1055; 70 Stat. 919; 21 U. S. C. 371 (e)) and to authority delegated to the Commissioner of Food and Drugs by the Secretary of Health, Education, and Welfare (22 F. R. 1045), notice is hereby given that a public hearing will be held for the purpose of receiving evidence relevant and material to the objections to the amendment of the definition of the term "coal-tar color".

The hearing will begin at 10:00 o'clock in the morning of March 10, 1958, in Room G-755, Health, Education, and Welfare Building, 330 Independence Avenue SW., Washington 25, D. C., and will continue, thereafter, at such times and places as directed by the presiding officer. All persons interested are invited to attend this hearing and present evidence. The hearing will be conducted in accordance with the rules of practice provided therefor. A prehearing conference for the simplification of the issues, exchange of documentary evidence, the scheduling of witnesses, and such other matters as may aid in the disposition of the proceeding will be held in the conference room, Bureau of Medicine, 501 First Street SE., Washington, D. C., at 10:30 in the morning of February 20, 1958. The prehearing conference will be continued on February 21. All interested persons who will attend the hearing are urged to appear or to send a representative. Any interested person intending to introduce documentary evidence at the hearing is requested to bring five copies of such documentary evidence to the prehearing conference or to send five copies to the presiding officer in advance of the conference. Only those persons expecting to actively participate at the hearing should attend the prehearing conference. All persons expecting to attend the prehearing conference should notify the presiding officer in advance.

Mr. Leonard D. Hardy, Room 5440, Health, Education, and Welfare Building, is hereby designated as presiding officer to conduct the hearing, with full authority to administer oaths and affirmations and do all other things appropriate to the conduct of the hearing. The presiding officer is required to certify the entire record of the proceeding to the Commissioner of Food and Drugs for action on the proposal.

Dated: January 22, 1958.

TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

NOTICE OF FILING OF PETITION FOR ESTABLISHMENT OF TOLERANCES FOR RESIDUES OF S-(p-CHLOROPHENYLTHIO)METHYL-O, O-DIETHYL PHOSPHORODITHIOATE

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408 (d) (1), 68 Stat. 512; 21 U. S. C. 346a (d) (1)), the following notice is issued:

A petition has been filed by Stauffer Chemical Company, Richmond, California, proposing the establishment of tolerances for residues of S-(p-chlorophenylthio)methyl-O,O-diethyl phosphorodithioate in or on raw agricultural commodities, as follows:

5 parts per million in or on almond hulls, sugar beet tops.

2 parts per million in or on citrus citron, grapefruit, kumquats, lemons, limes, oranges, tangelos, tangerines.

1 part per million in or on grapes.

0.8 part per million in or on apricots, beans (succulent form), beet tops, cantaloups, cherries, eggplants, nectarines, olives, peaches, peas (succulent form), peppers, pimentos, plums (fresh prunes), soybeans (succulent form), spinach, strawberries, tomatoes, watermelon.

The analytical method proposed in the petition for determining residues of *S*-(*p*-chlorophenylthio)methyl-*O*,*O*-diethyl phosphorodithioate is that published in the FEDERAL REGISTER of May 4, 1957 (22 F. R. 3186)

VALUATION OF IMPORTS

FINAL LIST OF ARTICLES

JANUARY 20, 1958.

Final list published by the Secretary of the Treasury pursuant to section 6 (a), Public Law 927, 84th Congress.

The Secretary of the Treasury has determined and hereby makes public the list of articles set forth below as the final list required by section 6 (a) of the Customs Simplification Act of 1956, approved August 2, 1956, 70 Stat. 948 (Public Law 927, 84th Cong.)

Every article not specified in such final list which is entered, or withdrawn from warehouse, for consumption on or after the thirtieth day after the date of publication of such final list in the FEDERAL REGISTER, shall be appraised in accordance with the new valuation provisions of section 402 of the Tariff Act of 1930, as added by section 2 of the Customs Simplification Act of 1956.

Every article specified in such final list which is entered, or withdrawn from warehouse, for consumption on or after the thirtieth day after the date of publication of such final list in the FEDERAL REGISTER, shall be appraised in accordance with the provisions of section 402a of the Tariff Act of 1930, as amended.

The thirtieth day after the date of publication of this final list will be February 27, 1958.

Considerations of convenience to the public have suggested a listing with some deviations from existing principles of tariff classification, although the names and the order of the statutory schedules are maintained in the divisions of the list. It is to be emphasized that the order or position of any given article on this list does not in any sense represent an attempt to state, or affect, the classification of any article for tariff purposes.

Articles specified in this final list which were not specified in the preliminary list published in the FEDERAL REGISTER dated

August 23, 1957 (22 F. R. 6842) but which have been added after investigation of timely representations made by manufacturers, producers, or wholesalers in the United States as provided for under section 6 (a) of the act, are marked with an asterisk (*). The asterisk identification is made solely for the purpose of information to the public and is not intended to have any effect upon the classification of any article for tariff purposes.

MEDICINAL AND PHARMACEUTICAL PREPARATIONS

Cortisone, hydrocortisone, and compounds thereof, in capsules, pills, tablets, lozenges, troches, ampoules, jubes, or similar forms, including powders, put up in medicinal doses

Plasters, healing or curative
 Throat lozenges and similar forms, not of animal origin, non-coal tar

MISCELLANEOUS PRODUCTS

Extract, flavoring, orange and lemon mixture, containing more than 50% alcohol
 Extract, tanning, chestnut (solid and powdered)
 Extract, tanning, valonia
 Gelatin, edible, valued less than 40 cents per pound
 Glue of animal origin, excluding glue size and fish glue, valued over 12 cents per pound and under 40 cents per pound
 Ink, drawing, liquid
 Polish, boot or shoe, non-alcoholic
 Polish, metal, liquid, non-alcoholic
 Shopping reminders, composed of a synthetic resin plastic, synthetic resin not chief binding agent, (an item designed to remind housewives of articles to be purchased when marketing)
 Tape, recording, of cellulose acetate

OILS, DISTILLED OR ESSENTIAL

Oakmoss, absolute, natural essence of, concentrated, not containing alcohol
 Oil, eucalyptus, not containing alcohol
 Oil, ocotea cymbarum, not containing alcohol
 Oil, sage, not containing alcohol
 Oil, vetiver, not mixed or compounded with or containing alcohol
 Oil, violet leaf, not containing alcohol

PIGMENTS, PAINTS AND VARNISHES

Acetylene black
 Carbon black, in paste form
 Chrome yellow, chrome green (chromic oxide), and all other chromium colors
 Paint, temperature indicating
 Pigments, synthetic, iron oxide or iron hydroxide

SOAP AND TOILET PREPARATIONS

Cream, face
 Perfumery, including cologne and toilet waters, containing alcohol
 Perfumery, not containing alcohol
 Pomade, hair
 Powder, dusting, perfumed
 Powder, shampoo
 Tint, hair, cream
 Toilet waters, not containing alcohol

EARTHS, EARTHENWARE AND GLASSWARE

EARTHWARE

Beer steins, earthenware, composed of a non-vitrified absorbent body, colored, enameled, gilded, ornamented, painted, printed, stained, tinted or decorated in any manner, and valued over \$3 per dozen
 Tiles, earthenware, floor and wall, glazed, valued not over 40 cents per square foot, 20 cm. x 20 cm., other than cement, ceramic mosaic, or quarry tiles

EARTHY OR MINERAL SUBSTANCES OR ARTICLES

Carbons, lighting, of all materials, ½ inch or more in diameter, for photocopying purposes

EARTHS, EARTHENWARE AND GLASSWARE—Con.

EARTHY OR MINERAL SUBSTANCES OR ARTICLES—continued

Grease, lubricating, in part of graphite
 Talc, ground, valued over \$14 per ton
 Tubes (except gauge glass tubes), of fused quartz or fused silica
 Wheels, discs, handlaps, and similar diamond tools for cutting, grinding or polishing, metal bonded, in chief value of diamond, but not including truing tools
 Wool, mineral, granulated (red top granulated wool)

GLASSWARE

Bell jars, glass
 Cloth, woven, glass
 Desiccators and parts thereof, glass
 Laminated glass, and manufactures thereof
 Museum jars, glass
 Plate glass, ½ inch or more in thickness, and over 1,008 square inches in area
 Sheet glass, colored, blown

OPTICAL GOODS

Colorimeters and polarimeters
 Colposcopes
 Condenser lenses, "plano-convex"
 Endoscopes
 Goggles, and frames, mountings, and parts thereof, to be used in conjunction with underwater swimming, and valued over \$2.50 per dozen
 Microscopes, toolmakers' valued \$25 each and over
 Optical flat reflectors and reflector carriages, designed for use with microptic automatic collimators
 Optical squares in mounts designed for use with microptic automatic collimators
 *Sunglasses, with plastic frames, valued not over \$0.65 per dozen pair
 Polygons, glass, designed for use with microptic automatic collimators
 Telescopes, valued over \$20 each
 Viewers, stereoscopic, miniature, having self-contained subject matter

METALS AND MANUFACTURERS OF

BEARINGS AND PARTS, BALL AND ROLLER

Balls and rollers for bearings, anti-friction, except balls 1 millimeter in diameter
 Bearings, ball, metal, and parts thereof (including cages)
 Bearings, roller, metal, and parts thereof

BULLIONS, METAL THREADS, LAME OR LAHN, AND ARTICLES MADE THEREFROM

Lame, or lahn, of gold, silver, or other metal
 Ribbons, tassels, and woven fabrics, wholly or in chief value of tinsel wire, metal thread, bullions, lame or lahn, or any of the foregoing combined with rubber
 Wire, tinsel, of gold, silver, or other metal

ELECTRIC ARTICLES AND PARTS OTHER THAN MACHINERY

Detectors, gamma ray
 Flashlights and flashlight cases wholly or in chief value of metal
 Heaters, electric (simulated fireplace logs)
 Irons, ultrasonic soldering
 Loud speakers
 Motors, electric, not over 75 horsepower
 Radio phonographs, wholly or in chief value of metal
 Repeaters, ship steering
 Resistors, specially designed for electric compasses, metal chief value
 Switches, radio, electrical, escapement type
 Telephone apparatus and parts, wholly or in chief value of metal
 Television apparatus, and parts thereof (except cameras), wholly or in chief value of metal
 Testers for electric motors
 Testers, insulation
 Tubes, radio receiving
 Welders, spot gun, electrical

METALS AND MANUFACTURERS OF—Continued

HOUSEHOLD, KITCHEN, AND TABLE UTENSILS

Boards, ironing, steel
 Bowls, platters, and similar table, household, or kitchen utensils or holloware of stainless steel, used in preparation or service of food
 Colanders, household, of iron or steel
 Graters or shredders, household (other than meat grinders), revolving disk or drum type, wholly or in chief value of iron or steel
 Letter openers, gold-plated
 Racks, wine bottle, wire
 Spoons (tea, soup, or dessert), of stainless steel
 Table, household, or kitchen utensils, of iron or steel, enameled or glazed with vitreous glasses

KNIVES, INCLUDING MACHINE KNIVES, AND CUTLERY

Cutlery, table (forks, knives, and steels), under 4 inches in length exclusive of handle, with handles of nickel silver
 Forks, table, under 4 inches in length exclusive of handle, with handles of austenitic steel
 Forks, table, under 4 inches in length exclusive of handle, with handles of china, earthenware, or other ceramic material, valued over \$3.75 per dozen
 Knives, folding, stiletto type, with simple opening or switch blade, valued over \$6.00 per dozen
 Knives, for meat-chopping or grinding machines
 Knives, table, under 4 inches in length exclusive of handle, with handles of austenitic steel
 Knives, table, under 4 inches in length exclusive of handle, with handles of china, earthenware, or other ceramic material, valued over \$3.75 per dozen

MACHINES, MACHINERY, AND PARTS THEREOF

Apparatus, breathing, underwater, incorporating a mechanical contrivance, not having as an essential feature an electrical element or device
 Closers, door, mechanical, not having as an essential feature an electrical element or device
 Collets and chucks for machine tools
 Comparators, dial, not having as an essential feature an electrical element or device
 Compressors, air and gas, not having as an essential feature an electrical element or device, parts of
 Cream separators, valued at more than \$100 each
 Cream separators, valued at more than \$100 each, parts of, wholly or in chief value of metal or porcelain
 Drills, portable (hobby shop type), having as an essential feature an electrical element or device
 Drivers, screw, pneumatic, not having as an essential feature an electrical element or device
 Engines, internal-combustion, carburetor type, having as an essential feature an electrical element or device
 Guns, airplane riveting
 Guns, paint spray, having as an essential feature an electrical element or device
 Lathes (except watch and toolmakers')
 Machinery, bookbinding (three-knife trimmers only)
 Machinery, cotton spinning, parts of
 Machinery, cotton twisting, parts of
 Machinery, for bleaching, printing, dyeing or finishing textiles, and parts thereof
 Machinery, printing presses, rotary type, for printing on paper, and other than duplicating machines
 Machinery, wool spinning, parts of
 Machines, adding, having as an essential feature an electrical element or device
 Machines, automatic, numbering
 Machines, automatic, silk screen printing

MACHINES, MACHINERY, AND PARTS
THEREOF—Continued

Machines, bag filling and closing, not having as an essential feature an electrical element or device, and parts thereof

Machines, bag making, not having as an essential feature an electrical element or device, and parts thereof

Machines, bakery dough mixing, having as an essential feature an electrical element or device

Machines, boring and milling

Machines, brewing, not having as an essential feature an electrical element or device, and parts thereof

Machines, calculating, having as an essential feature an electrical element or device, parts of, of a type specially constructed for multiplying and dividing

Machines, calculating, not having as an essential feature an electrical element or device, and parts thereof, specially constructed for multiplying and dividing, and of the full keyboard rotary type, not key driven

Machines, calibration, for calibrating magnetometers, not having as an essential feature an electrical element or device

Machines, candy wrapping

Machines, centrifugal, and parts thereof, other than cream separators, for separation of liquids or liquids and solids

Machines, chain making

Machines, chalk marking, not having as an essential feature an electrical element or device

Machines, chocolate covering, confectionery, having as an essential feature an electrical element or device

Machines, coil winding, not having as an essential feature an electrical element or device

Machines, combination candy cutting and wrapping

Machines, combination jig-boring and milling

Machines, cookie depositor, having as an essential feature an electrical element or device

Machines, flour and grain milling, not having as an essential feature an electrical element or device, parts of

Machines for electro-polishing metal, having as an essential feature an electrical element or device

Machines, glass ampoule cutting, having as an essential feature an electrical element or device

Machines, grinding, tool and cutter

Machines, grinding, twist drill

Machines, indexing, metal engraving

Machines, jolt squeeze turnover molding (foundry type), not having as an essential feature an electrical element or device

Machines, knitting, automatic flat ("V"-bed type)

Machines, knitting, flat bed (hand knitting type), not having as an essential feature an electrical element or device

Machines, lens grinding, having as an essential feature an electrical element or device

Machines, lifting and pulling (similar to chain hoists), not having as an essential feature an electrical element or device

Machines, macaroni conveyor and dryer, having as an essential feature an electrical element or device

Machines, macaroni making, having as an essential feature an electrical element or device

Machines, metal thread cutting

Machines, milk pasteurizing, plate type (heat exchangers), not having as an essential feature an electrical element or device

Machines, noodle cutting, having as an essential feature an electrical element or device

Machines, pantograph, die-sinking

Machines, paper bag cutting, not having as an essential feature an electrical element or device

Machines, pie-making, having as an essential feature an electrical element or device

Machines, pleating, having as an essential feature an electrical element or device

Machines, rod-casting, not having as an essential feature an electrical element or device

Machines, rust chipping

Machines, semi-jig boring

Machines, tablet counting and filling, not having as an essential feature an electrical element or device

Machines, testing, other than laboratory, for determining the hardness of metals or metal articles, having as an essential feature an electrical element or device, and parts thereof

Machines, textile yardage measuring, and parts thereof

Machines, vinegar making, having as an essential feature an electrical element or device

Machines, wood chip vibration screening, not having as an essential feature an electrical element or device

Magnetometers, not having as an essential feature an electrical element or device

Presses, drill

Pumps, submersible, having as an essential feature an electrical element or device

Shapers, metal working

Sieves, having as an essential feature an electrical element or device

Turbochargers, gas, not having as an essential feature an electrical element or device

Winchdrums, not having as an essential feature an electrical element or device, and parts thereof

MILL PRODUCTS

Aluminum

Tubing, aluminum

Wire, zipper, wholly or in chief value of aluminum or aluminum alloy

Nickel

Anodes, bars, castings (except machine parts), electrodes, plates, rods, sheets, strands, strips, or wire, wholly of nickel

Anodes, bars, castings (except machine parts), rods, sheets, strands, strips, or wire, of nickel alloys (except those provided for in paragraph 302 or 380)

Steel

Steel, feeler gauge, cold rolled, hardened, tempered and bright polished, thicker than $\frac{1}{100}$ inch and not thicker than $\frac{1}{100}$ inch, not over 8 inches wide

Steel, needle cutter, not thicker than $\frac{1}{100}$ inch, not over 8 inches wide, alloyed

Steel, razor blade, alloyed, 0.881 inch by 0.005 inch

Steel, razor blade, alloyed, 0.750 inch by 0.009 inch

Steel, razor blade, cold rolled, 0.881 inch by 0.005 inch

Steel, strip, hot rolled, commercial quality, mill edge, specification 1055-F, thicker than $\frac{1}{100}$ inch but not thicker than $\frac{2}{100}$ inch, and over 8 inches but not over 16 inches wide

Steel, wood band saw, cold rolled, tempered, not over 8 inches wide, thicker than $\frac{1}{100}$ inch but not thicker than $\frac{1}{100}$ inch, and alloyed under the provisions of paragraph 305, Tariff Act of 1930

METALS AND MANUFACTURERS OF—Continued

MILL PRODUCTS—continued

Steel

Tubing, steel, seamless, cold drawn

Wire, steel, flat, galvanized or coated with any metal, not over 8 inches wide, thicker than $\frac{1}{100}$ inch and not over $\frac{1}{100}$ inch

MISCELLANEOUS METAL ARTICLES

Assemblies and subassemblies of watch hands

Bolts and latches, panic (of a type similar to those used on theater exit doors), and parts thereof, in chief value of metal

Calcium metal, in crowns, flattened

Chains and parts, of iron or steel, for the transmission of power, having not more than 2-inch pitch and more than three parts per pitch

Clips, aluminum, specially designed for use in packaging clothing or as bag closures

Cyclometers, for measuring distance, valued at not more than \$1.10 each

Darts, throwing, in chief value of steel or lead

Dials, watch—less than $1\frac{7}{100}$ inches wide—imported separately

Emblems, automobile, chief value iron or steel

Grease seals and washers, in chief value of metal

Grippers, for holding metal sheets, in chief value of metal

Lighters, pipe, valued over \$5 per dozen

Locks, luggage, metal, not plated with platinum, gold or silver

Magnets, chief value of iron or steel, except electro-magnets and except those designed for use as machine parts or parts of electrical apparatus

Metallic packing, wholly or in chief value of lead

Pedestals, for ball or roller bearings, (not including machine parts), in chief value of iron or steel

Pillow blocks and parts thereof, (for ball or roller bearings), in chief value of iron or steel

Pins, sealing, aluminum, for airplanes

Pistols, automatic or magazine, and revolvers, valued over \$8 each

Plaques, wall, brass, not plated with platinum, gold, or silver, or gold lacquered

Pulleys, lamp, in chief value of metal

Racks, drying, printers, in chief value of iron or steel

Rivets, bifurcated, steel, machined

Rivets, tubular, aluminum, machined, plain or anodized

*Rivets, tubular, brass, brake lining, lathed, machined, or brightened

*Rivets, tubular shoe, steel or brass, lathed, machined, or brightened

Sashes or frames of structural iron or steel, louver (Jalousie) type

*Screws, machine, brass, having shanks or threads $\frac{1}{8}$ inch or over in diameter but not exceeding $\frac{2}{100}$ inch or over in diameter

*Screws, machine, steel, having shanks or threads $\frac{1}{8}$ inch or over in diameter but not exceeding $\frac{2}{100}$ inch or over in diameter

Sharpeners, pencil, in chief value of metal

Shores, building, and parts, in chief value of metal

Skids, roller, in chief value of metal

Studs, horseshoe, in chief value of metal

Testers, freeness, for use in pulp making, in chief value of metal

Watch cases, parts of, in chief value of any base metal

NEEDLES

Needles, embroidery machine

Needles, latch, for knitting machines

Needles or hooks, crochet, of iron or steel

Needles, sewing machine, household type

Needles, sewing machine, industrial type

Needles, shoe machine

Needles, surgical

METALS AND MANUFACTURERS OF—Continued

SCIENTIFIC, LABORATORY, AND PROFESSIONAL APPARATUS, INSTRUMENTS, AND EQUIPMENT

Apparatus, laboratory, for analytical determination of gluten
 Balances, analytical, and parts thereof
 Burrs, dental
 Electrophoresis equipment
 Instruments and parts, laboratory, sound measuring
 Instruments, laboratory, dissecting
 Machines, therapy, ultrasonic, and accessories
 Mills, laboratory
 Sphygmomanometers
 Thermobalances, laboratory

TOOLS AND GAUGES

Calipers and parts thereof, which are hand tools of metal and capable of measuring finer than $\frac{1}{32}$ of an inch
 Gauges, hand, stop and go type, chief value iron or steel
 Gauges, height, vernier, in chief value of metal
 Saw blades, for bow saws
 Saws, hand, in sets, with interchangeable blades, and universal handle
 Saws, pocket, wire, (outdoorsman's or camper's)

VEHICLES, VESSELS, AND PARTS

Airplanes, seating six passengers or less, not including seaplanes, amphibians, or aircraft other than airplanes
 Automobile parts, finished
 Automobiles
 Boats, pleasure, sail, steam or motor propelled, of fiberglass construction, valued at not more than \$15,000 each
 Engines, parts of, internal combustion, carburetor type, for pleasure boats
 Motorcycles, parts of
 Motorscooters
 Motorscooters, parts of
 Pins, pip release (airplane parts)
 Spokes, bicycle
 Trucks, automobile, valued at \$1,000 or more each
 Winches, sheet, for yachts, metal, bottom handle

WOOD AND MANUFACTURES OF

Barrels or kegs, beer, wooden
 Blocks, wooden, hat
 Figures, wooden, whistling
 Flooring, hardwood, of maple (except Japanese), birch, or beech
 Handles, wood, fan
 Osier or willow, including chip and split willow, prepared for basket makers' use
 Plywood, birch, including door panels

SUGAR, MOLASSES, AND MANUFACTURES OF

Candy, sugar, and all confectionery, valued at six cents or more per pound

AGRICULTURAL PRODUCTS AND PROVISIONS

BAKED ARTICLES

Biscuits, cake, cakes, wafers, and similar baked articles other than puddings or rice crackers; all the foregoing by whatever name known, whether or not containing chocolate, fruits, nuts, or confectionery of any kind

DAIRY PRODUCTS

Cheese, cheddar, whether or not in original loaves, but not processed otherwise than by division into pieces, having a score of 92 or more

FRUITS AND PREPARATIONS

Jelly, currant, red or black, four pound pack
 Mixtures of two or more fruits, prepared or preserved, other than mincemeat

AGRICULTURAL PRODUCTS AND PROVISIONS—Con.

FODDERS AND FEEDS

Dog food, unfit for human consumption, canned and dried, and containing a substantial amount of grain products
 Feeds, mixed

MEAT PRODUCTS

Beef, brisket, canned, two pound pack and four pound pack
 Beef, corned, canned, four pound pack and six pound pack
 Beef, roast, canned, twelve ounce pack and five pound pack
 Meatballs, cocktail, packed in celery sauce, in curry sauce, or in brine, in one pound cans
 Sausages, cocktail, pork with beef, in $\frac{1}{2}$ ounce cans

OTHER EDIBLE PREPARATIONS

Millet, hulled, for human consumption
 Peppers, packed in brine or vinegar
 Snails, other than marine, edible, canned
 Soup mix, dehydrated, for human consumption
 Soups, soup rolls, soup tablets or cubes, and other soup preparations
 *Wheat gluten, vitalized

NURSERY AND GREENHOUSE STOCK

Buds, lily (heads only), fresh cut
 Bulbs, Begonia
 Bulbs, Gloxinia
 Corms and bulbs, Anemone

COTTON MANUFACTURES

Belts and belting, for conveyor machinery, of vegetable fiber and rubber, valued at 40 cents or more per pound
 Cases or covers, for underwater fishing guns, wholly or in chief value of cotton
 Covers, adding machine and cash register, wholly or in chief value of cotton
 Cottons, embroidery, put up for hand work, in lengths not exceeding 840 yards
 Felt, dryer, paper makers', wholly or in chief value of cotton, not in part of India rubber, and used as belts or belting on paper making machinery
 Handbags, ladies, wholly or in chief value of cotton
 Measures, tape, wholly or in chief value of cotton
 Mop cloths, cotton, not pile fabric
 Packing, mechanical molded, cotton and rubber, chief value cotton
 Tapestries, needlework, unfinished, wholly or in chief value of cotton
 Tapestries and other Jacquard-figured upholstery cloth (not including bed ticking or pile fabric), in the piece, in chief value of cotton, and containing 17% or more by weight of wool
 Velvets, other than upholstery velvets, cut or uncut, whether or not the pile covers the entire surface, wholly or in chief value of cotton

FLAX, HEMP, JUTE, AND MANUFACTURES OF

Canvas, flax, waterproof, brown
 Cloth, lapping, woven, in chief value of vegetable fiber other than cotton or jute, containing over 17% by weight of wool, but not including woven fabrics of flax, hemp, or ramie, with woven or printed colored stripes in the warp
 Floor coverings, felt base, including only those which are made with an asphalt impregnated paper felt or paper and rag felt base
 Matting, sisal (not cut to specific size or shape), in rolls

NOTICE OF CHANGE IN GRAZING FEES

JANUARY 22, 1958.

Notice is hereby given that in accordance with Departmental regulations (43 CFR 161.8), the grazing fee to be charged for the use of the Federal range, commencing January 1, 1958, will be 19 cents per animal unit month of forage. In computing the charge to be made, the following rates shall apply:

1. One cow grazing for one month—19 cents.
2. One horse grazing for one month—38 cents.
3. One sheep or goat grazing for one month—03.8 cents.

No fees will be charged for livestock under six months of age.

This fee is based upon the livestock marketing data furnished by the Agricultural Marketing Service, United

States Department of Agriculture, and applies to all grazing use authorized pursuant to section 3 of the Taylor Grazing Act. Twenty-five percent of the total fee collected shall be credited to the range improvement fund.

A minimum annual charge of \$5 will be made on all regular licenses, permits, and nonrenewable licenses.

All billings shall be issued in accordance with the rates prescribed in this notice.

EDWARD WOOLEY,
Director.

UTAH (I-7)

NOTICE OF PROPOSED WITHDRAWAL AND
RESERVATION OF LANDS

JANUARY 20, 1958.

An application, Serial No. Utah 026841, for the withdrawal from location and entry under the General Mining Laws of the lands described below, subject to valid existing rights, was filed December 10, 1957, by the U. S. Department of Agriculture.

The purpose of the proposed withdrawal is the provision of a horse pasture for Government-owned stock and for an administrative site within the Manti-LaSal National Forest.

For a period of 30 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the State Supervisor for Utah, Bureau of Land Management, Box 777, Salt Lake City 10, Utah. If any objections are filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the proposed withdrawal may state their views, and where proponents may explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a notice of determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

SALT LAKE MERIDIAN, UTAH
 MANTI-LASAL NATIONAL FOREST
 Mesa Administrative Site

Beginning at a point 3 chains and 40 links east of Corner 4 of HES 132 in Section 30, T. 26 S., R. 24 E., thence east 6.6 chains; thence south 5 degrees west 5.2 chains; thence south 53 degrees east 35.4 chains; thence south 36 degrees west 13 chains; thence north 57 degrees west 35 chains; thence north 7 degrees east 18.3 chains to place of beginning, containing 58 acres more or less.

ISBRANDTSEN CO., INC.**NOTICE OF FURTHER PUBLIC HEARING**

Isbrandtsen Company, Inc.; application for operating; differential subsidy; eastbound round-the-world service; Docket No. S-60.

Isbrandtsen Company, Inc.; application for written permission under section 805 (a), 1936 act. Docket No. S-60 (Sub. No. 1).

Notice is hereby given that a further public hearing will be held under section 805 (a), Merchant Marine Act, 1936, as amended, upon the application of Isbrandtsen Company, Inc., for written permission to continue domestic intercoastal and coastwise service.

The purpose of the further hearing is to receive additional evidence relevant to whether granting that part of the application seeking written permission to continue operations in the domestic coastwise bulk cargo trades (a) will result in unfair competition to any person, firm, or corporation operating exclusively in the coastwise or intercoastal service, or (b) would be prejudicial to the objects and policy of said Act.

These proceedings are now pending oral argument before the Board on exceptions to the Examiner's recommended decision and in order that the Board's determination herein may be expedited the further hearing is hereby scheduled to be held before Examiner C. B. Gray at 10:00 a. m., February 14, 1958, in Room 4519, New General Accounting Office Building, 441 G Street NW., Wash-

ington, D. C., in accordance with the Board's rules of practice and procedure. Oral argument may be had at the conclusion of receipt of evidence in lieu of briefs. An initial decision will be issued. The time for filing exceptions thereto is hereby restricted to seven (7) days, and no replies to exceptions will be received.

Dated: January 22, 1958.

KOOS, INC. (KOOS-TV) AND PACIFIC TELEVISION, INC.**ORDER CONTINUING HEARING**

In re applications of KOOS, Inc. (KOOS-TV), Coos Bay, Oregon, Docket No. 12199, File No. BMPCT-4680; for modification of construction permit (from Channel 16 to Channel 11); Pacific Television, Inc., Coos Bay, Oregon, Docket No. 12200, File No. BPCT-2309;

for construction permit for a new television broadcast station (Channel 11).

The Hearing Examiner having under consideration a joint motion for continuance filed January 17, 1958, on behalf of KOOS, Inc., and Pacific Television, Inc., requesting continuance of the prehearing conference "without date or to a date to be fixed by the Hearing Examiner"; and

It appearing that the parties are in the process of exploring the possibility of a consolidation which will simplify the issues and expedite the hearing; and

It further appearing that counsel for the Chief of the Broadcast Bureau has informally consented to a grant of the motion, that good cause for granting the relief is shown, and that the granting thereof will conduce to the orderly dispatch of the Commission's business; and

It further appearing that the previously established date for the commencement of hearing should also be postponed;

Now therefore, it is ordered, This 21st day of January 1958, that the above motion is granted, that the prehearing conference now scheduled at 10:00 a. m. on Thursday, January 23, 1958, and the hearing now scheduled to be commenced at 10:00 a. m. on Wednesday, February 19, 1958, are continued to dates to be fixed by subsequent order.

Released: January 22, 1958.

FEDERAL POWER COMMISSION

[Docket No. G-13058]

UNITED FUEL GAS CO.

NOTICE OF APPLICATION AND DATE OF HEARING

JANUARY 22, 1958.

Take notice that United Fuel Gas Company (Applicant), a West Virginia corporation and a subsidiary of The Columbia Gas System, Inc., having its principal place of business at 1700 MacCorkle Avenue SE, Charleston, West Virginia, filed on August 13, 1957 an application, pursuant to section 7 of the Natural Gas Act, for a certificate of public convenience and necessity authorizing the sale and delivery of natural gas by Applicant to The Ohio Valley Gas Company (Valley) at wholesale for resale and authorizing the construction and operation of certain measuring and regulating facilities, as hereinafter described, all as more fully set forth in the application, which is on file with the Commission and open for public inspection.

Valley is an Ohio corporation, having its principal place of business at 99 North Front Street, Columbus, Ohio. Applicant alleges that Valley, upon the acquisition of the properties herein described, will become a public utility purchasing, distributing and selling natural gas at retail solely within the State of Ohio.

This application constitutes a step in the plan for realignment of the properties of The Columbia Gas System, Inc., so that each operating subsidiary will be subject to regulation by only one regulatory agency. Applicant seeks authority to sell and deliver natural gas at wholesale to Valley for resale in that part of Ohio where Applicant is now distributing gas at retail including the following thirteen (13) communities, along with the areas adjacent to said communities and to Applicant's pipelines.

Community:	County
Bradrick	Lawrence.
Burlington	Lawrence.
Chesapeake	Lawrence.
Coal Grove	Lawrence.
Corryville	Lawrence.
Hanging Rock	Lawrence.
Ironton	Lawrence.
Glendale	Lawrence.
Proctorville	Lawrence.
South Point	Lawrence.
New Boston	Scioto.
Lambro	Scioto.
Wheelersburg	Scioto.

Applicant proposes to abandon the retail distribution of gas in Ohio, except the industrial sale of gas to Detroit Steel Company, and to substitute therefor the proposed wholesale sale and delivery of natural gas to Valley for resale.

Applicant alleges that it and Valley filed a joint application with the Public Utilities Commission of Ohio requesting the necessary authorization to permit

the proposed sale by Applicant and acquisition by Valley of all of Applicant's retail distribution facilities, and the services provided thereby, situate in the State of Ohio, except the facilities utilized for service to Detroit Steel Company.

Applicant's interstate gas transmission facilities, subject to the jurisdiction of the Federal Power Commission, will be retained by Applicant.

Applicant proposes to construct and operate four (4) measuring and regulating stations to provide city-gate measurement and regulation with respect to the proposed sale and delivery of natural gas to Valley for resale in and about the community of Wheelersburg, Scioto County, Ohio. Applicant also seeks authority to operate in connection with wholesale sale to Valley, the measuring and regulating stations of Applicant now in existence which have heretofore been used by Applicant for measurement and regulation of gas utilized in Applicant's retail distribution operations in Ohio.

Applicant estimates that the cost of the proposed construction will be approximately \$19,600, and that the annual cost of operation of said facilities will be \$1,500. Applicant proposes to finance said construction from cash to be received from Valley in payment for Applicant's Ohio distribution facilities.

No change in gas requirements or supply will be caused by the proposed realignment.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on February 27, 1958, at 10:00 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 21, 1958.

[Docket No. G-13131 etc.]

TRICE PRODUCTION CO. ET AL.

NOTICE OF APPLICATIONS AND DATE OF
HEARING

JANUARY 22, 1958.

In the matters of Trice Production Company, Docket No. G-13131; United Gas Pipe Line Company, Docket No. G-13192; Lyons & Logan, Operator, et al., Docket No. G-13199.

Take notice that United Gas Pipe Line Company (United), Trice Production Company (Trice), and Lyons & Logan, Operator, et al. (Lyons & Logan et al.),

No. 10-4

filed applications for certificates of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing the construction and operation of facilities necessary for receiving and transporting natural gas and authorizing the sale of natural gas, as hereinafter described, subject to the jurisdiction of the Commission, all as more fully represented in the respective applications which are on file with the Commission and open to public inspection.

On August 30, 1957, United filed in Docket No. G-13192 an application for a certificate of public convenience and necessity authorizing the construction and operation of a purchase meter station and a separator installation, with appurtenances, together with other facilities required from time to time to take additional deliveries from the East Bell City Field Area in Calcasieu Parish, Louisiana. The proposed facilities will be located at a point on United's existing 12-inch Hayes Field Line where such line traverses the East Bell City Field Area. The proposed facilities will enable United to purchase and receive gas produced from said area by Lyons & Logan, et al., and Trice. The estimated cost of the proposed facilities is \$18,662, which cost is to be financed from current working funds.

On August 23 and August 30, 1957, Trice in Docket No. G-13131 and Lyons & Logan et al., in Docket No. G-13199, respectively, filed applications seeking authority to sell natural gas in interstate commerce to United for resale from production in the East Bell City Field Area in Calcasieu Parish, Louisiana, pursuant to a gas sales contract dated August 1, 1957.

These related matters should be heard on a consolidated record and disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on February 20, 1958 at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such applications: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 10, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the inter-

mediate decision procedure in cases where a request therefor is made.

[Docket No. G-13142]

UNITED GAS PIPE LINE CO.

NOTICE OF APPLICATION AND DATE OF
HEARING

JANUARY 22, 1958.

Take notice that United Gas Pipe Line Company (Applicant), a Delaware corporation, with its principal place of business at Shreveport, Louisiana, filed an application on August 26, 1957, as supplemented on November 22, 1957, for a certificate of public convenience and necessity to construct and operate a 30-inch pipeline looping its presently existing pipeline running from near New Orleans in southeast Louisiana, to Mobile, Alabama, all as more fully described in its application which is on file with the Commission and open to public inspection.

The proposed construction is divided into two categories, i. e., Phase I and Phase II. Phase I consists of two segments of 30-inch loop line, the first of which is 78.7 miles in length beginning at the north bank of the Mississippi River near New Orleans, paralleling the existing line and extending to a point in Hancock County, Mississippi. The second segment of 30-inch loop line in Phase I is to begin at a point in Harrison County, Mississippi, and extend 38.0 miles easterly, again paralleling existing facilities to the existing Pascagoula-Moss Point tap in Jackson County, Mississippi.

Phase I construction was planned to begin around October 1, 1957, and to be completed around the end of February 1958. Phase II construction is expected to commence around July 1, 1958, and is scheduled for completion about October 31, 1958. Phase II construction is composed of four segments looping the southeast Louisiana-Mobile line at various locations for a distance of 86 miles.

Applicant states that the looping of its existing pipeline extending from southeast Louisiana to Mobile, Alabama, as proposed by this application, is necessary in order to enable Applicant to continue to supply the gas requirements of Applicant's present customers located in the Mobile-Pensacola area and along the route of Applicant's said existing pipeline. Applicant's requirements in the Mobile-Pensacola area of its Jackson District have grown and are expected to grow to the point where the existing facilities and gas reserves serving that area are incapable of meeting the load. The greatest portion of the load in the area is served from Applicant's Mississippi gas fields which supply the area through the Baxterville-Mobile and the Hattiesburg-Mobile pipelines. However, Applicant indicates that the Mississippi fields have been rapidly depleted in the past few years. Furthermore, the loads along the existing New Orleans-Mobile

line have increased in recent years, leaving insufficient capacity available for the growing Mobile-Pensacola loads.

Applicant indicates that the proposed facilities will reinforce its present system and enable Applicant to continue to supply the gas requirements of the Gulfport-Mobile-Pensacola area. In order to alleviate the limitations on the capacity of Applicant's existing line and the decline in deliverability of the fields in Mississippi, Applicant proposes to loop the New Orleans-Mobile line so that the largest gas reserves on its system (in the New Orleans area) can be made available to the Mobile-Pensacola market. Applicant's flow diagrams show that the existing Mobile-Pensacola line was able to deliver only 93,302 Mcf on the peak day of January 17, 1957. The proposed loops will enable the delivery of an additional 308,396 Mcf per day from the southeast Louisiana area to the Mobile area. By the 1961-1962 winter the estimated peak day demand along the New Orleans-Mobile line is expected to reach 401,698 Mcf. In the 1958-1959 winter, the estimated demand on the line is 285,328 Mcf. This demand is expected to increase gradually to the 401,698 Mcf figure.

The estimated cost of the proposed facilities is: Phase I, \$18,943,445. Phase II, \$14,827,173, or a total cost for the entire proposal of \$33,770,618. Applicant states it will obtain the funds required for financing the proposal herein from its parent company, United Gas Corporation.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on February 20, 1958 at 9:30 a. m., e. s. t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30 (c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before February 14, 1958. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

[Project No. 2239]

TOMAHAWK POWER CO.

NOTICE OF APPLICATION FOR LICENSE

JANUARY 22, 1958.

Public notice is hereby given that application has been filed under the Federal Power Act (16 U. S. C. 791a-825r) by Tomahawk Power Company, of Tomahawk, Wisconsin, for license for a constructed hydroelectric development, designated as Project No. 2239, situated on the Wisconsin River, navigable waters of the United States, in Lincoln County, Wisconsin.

The project consists of a concrete gated spillway and powerhouse intake section; earth embankments on either side of the concrete section; a small reservoir with an area of about 2000 acres at normal water surface elevation of 1457.4 feet; a powerhouse containing two 1035 horsepower horizontal turbines and one 974 horsepower horizontal turbine connected to wood pulp grinders and one 420 horsepower vertical turbine connected to a 312 kva generator; and appurtenant mechanical and electrical equipment.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10). The last day upon which protests or petitions may be filed is March 1, 1958. The application is on file with the Commission for public inspection.

[Docket No. G-14260]

PHILLIPS PETROLEUM CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATE

JANUARY 22, 1958.

Phillips Petroleum Company (Phillips) on December 23, 1957, tendered for filing a proposed change in its presently effective rate schedule for the sale of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, dated December 19, 1957.

Purchaser: United Fuel Gas Company.
Rate schedule designation: Supplement No. 5 to Phillips' FPC Gas Rate Schedule No. 273.

Effective date: January 23, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed periodic rate increase, Phillips states that the increased price was negotiated at arm's-length bargaining, and to the best of its knowledge will not trigger any favored-nation increases in the area. Phillips further states that the increased price is just and reasonable and to deny same would be unjust to Phillips. Phillips also cites its Exhibit Nos. 282, 284, 289 and

291 presented in evidence in the recent hearing in Docket No. G-1148, et al.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 5 to Phillips' FPC Gas Rate Schedule No. 273 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 5 to Phillips' FPC Gas Rate Schedule No. 273.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until May 16, 1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

[Docket No. G-14261]

CARTER OIL CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 22, 1958.

The Carter Oil Company (Carter) on December 23, 1957, tendered for filing a proposed change in its presently effective rate schedule¹ for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, dated December 20, 1957.

¹ Present rate previously suspended and is in effect subject to refund in Docket No. G-11752.

Purchaser: Natural Gas Pipeline Company of America.

Rate schedule designation: Supplement No. 3 to Carter's FPC Gas Rate Schedule No. 34. Effective date: January 24, 1958 (effective date is the effective date proposed by Carter).

In support of the proposed periodic rate increase, Carter states that the increased rate was negotiated at arm's-length and is below the field price in the area; that other buyers are offering initial prices in the area in excess of such increased price; that the increased price is necessary for it to recover increasing costs, and that the pricing provisions are identical to those contained in numerous other contracts for gas sales in the area.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 3 to Carter's FPC Gas Rate Schedule No. 34 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 3 to Carter's FPC Gas Rate Schedule No. 34.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until June 24, 1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

GULF OIL CORP.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 22, 1958.

Gulf Oil Corporation (Gulf Oil) on December 26, 1957, tendered for filing a pro-

posed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, dated December 19, 1957.

Purchaser: Natural Gas Pipeline Company of America.

Rate schedule designation: Supplement No. 4 to Gulf Oil's FPC Gas Rate Schedule No. 71.

Effective date: January 23, 1958 (effective date is the effective date proposed by Gulf Oil).

In support of the proposed periodic rate increase, Gulf Oil states that the increased rate was negotiated at arm's-length and is below the field price in the area; that other buyers are offering initial prices in the area in excess of such increased price; that the increased price is necessary for it to recover increasing costs, and that the pricing provisions are identical to those contained in numerous other contracts for gas sales in the area.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 4 to Gulf Oil's FPC Gas Rate Schedule No. 71 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 4 to Gulf Oil's FPC Gas Rate Schedule No. 71.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until June 23, 1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

SUPERIOR OIL CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 22, 1958.

The Superior Oil Company (Superior) on December 23, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, dated December 18, 1957.

Purchaser: Cities Service Gas Company.

Rate schedule designation: Supplement No. 1 to Superior's FPC Gas Rate Schedule No. 73.

Effective date: January 23, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed periodic rate increase, Superior states that the increased price is provided for in the contract, and is just and reasonable and does not exceed the price at which comparable gas is being sold or contracted for in the area. Superior further states that the contract was negotiated at arm's-length by experienced parties.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 1 to Superior's FPC Gas Rate Schedule No. 73 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 1 to Superior's FPC Gas Rate Schedule No. 73.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until June 23, 1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

CONTINENTAL OIL CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 22, 1958.

Continental Oil Company (Continental) on December 23, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.
Purchaser: El Paso Natural Gas Company.
Rate schedule designation: Supplement No. 3 to Continental's FPC Gas Rate Schedule No. 146.

Effective date: January 23, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed periodic rate increase, Continental cites arm's-length bargaining and states that denial of the increase obligated by a legal instrument exceeds the Commission's authority. Continental also cites higher rates for initial services in the area.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 3 to Continental's FPC Gas Rate Schedule No. 146 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 3 to Continental's FPC Gas Rate Schedule No. 146.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until June 23, 1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

F. G. BLACKWOOD ET AL.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 22, 1958.

F. G. Blackwood et al. (Blackwood), on December 23, 1957, tendered for filing a proposed change in his presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.
Purchaser: El Paso Natural Gas Company.
Rate schedule designation: Supplement No. 2 to Blackwood's FPC Gas Rate Schedule No. 2.

Effective date: January 23, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed periodic rate increase, Blackwood cites arm's-length bargaining before assertion of Commission jurisdiction, and states that to prevent the obligation of the contract would be unjust.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 2 to Blackwood's FPC Gas Rate Schedule No. 2 be suspended only insofar as it pertains to a periodic increase in rate, and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 2 to Blackwood's FPC Gas Rate Schedule No. 2.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended (only insofar as it proposes a periodic increase in rate) and the use thereof deferred until June 23,

1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission. (Commissioners Digby and Kline dissenting.)

CABOT CARBON CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 22, 1958.

Cabot Carbon Company (Cabot) on December 23, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, undated.
Purchaser: El Paso Natural Gas Company.
Rate schedule designation: Supplement No. 3 to Cabot's FPC Gas Rate Schedule No. 9.

Effective date: January 23, 1958 effective date is the first day after expiration of the required thirty days' notice.

In support of the proposed periodic rate increase, Cabot cites the contract pricing provisions, and states that the periodic pricing arrangement is of economic benefit over the twenty-year term of the contract.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 3 to Cabot's FPC Gas Rate Schedule No. 9 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 3 to Cabot's FPC Gas Rate Schedule No. 9.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until June 23, 1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

MCRAE OIL AND GAS CORP. ET AL.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATES

JANUARY 22, 1958.

McRae Oil and Gas Corporation (Operator), et al. (McRae), on December 23, 1957, tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, dated December 18, 1957.

Purchaser: Cities Service Gas Company.
Rate schedule designation: Supplement No. 14 to McRae's FPC Gas Rate Schedule No. 2.

Effective date: January 23, 1958, (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed periodic rate increase, McRae merely cites the pertinent pricing provisions of its contract.

The increased rate and charge so proposed has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that Supplement No. 14 to McRae's FPC Gas Rate Schedule No. 2 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice

from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 14 to McRae's FPC Gas Rate Schedule No. 2.

(B) Pending such hearing and decision thereon, said supplement be and it is hereby suspended and the use thereof deferred until June 23, 1958, and until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended, nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

MAGNOLIA PETROLEUM CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGES IN RATES

JANUARY 22, 1958.

Magnolia Petroleum Company (Magnolia), on December 23, 1957, tendered for filing proposed changes in its presently effective rate schedules for sales of natural gas subject to the jurisdiction of the Commission. The proposed changes, which constitute increased rates and charges, are contained in the following designated filings:

Description: Notices of changes, undated.
Purchaser: El Paso Natural Gas Company.
Rate schedule designation: Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 86. Supplement No. 4 to Magnolia's FPC Gas Rate Schedule No. 92.

Effective date: January 23, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed favored-nation rate increases, Magnolia states the contracts were entered into after arm's-length negotiations in good faith; that the increased rates are no greater than the value of the gas, and to deny such rates would be confiscatory. Magnolia also cites increasing costs of operations and states that the increased prices are necessary to offset such increased costs.

The increased rates and charges so proposed have not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commis-

sion enter upon a hearing concerning the lawfulness of the said proposed changes, and that Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 86, and Supplement No. 4 to Magnolia's FPC Gas Rate Schedule No. 92, be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rates and charges contained in Supplement No. 5 to Magnolia's FPC Gas Rate Schedule No. 86, and Supplement No. 4 to Magnolia's FPC Gas Rate Schedule No. 92.

(B) Pending such hearing and decision thereon, said supplements be and they are each hereby suspended and the use thereof deferred until June 23, 1958, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplements hereby suspended, nor the rate schedules sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the periods of suspension have expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

By the Commission. (Commissioners Digby and Kline dissenting.)

[Docket No. G-14277]

MAGNOLIA PETROLEUM CO.

ORDER FOR HEARING AND SUSPENDING
PROPOSED CHANGE IN RATE

JANUARY 22, 1958.

Magnolia Petroleum Company (Magnolia), on December 23, 1957 tendered for filing proposed change in its rate schedule presently in effect for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filings:

Description: Contract, dated August 1, 1957. Notice of change, undated.

Purchaser: Southern Natural Gas Company.

Rate schedule designation: Respondent's FPC Rate Schedule No. 138. Supplement No. 1 to Respondent's FPC Gas Rate Schedule No. 138.

Effective date: January 23, 1958 (effective date is the first day after expiration of the required thirty days' notice).

In support of the proposed rate increase, Magnolia states that the contract

was entered into in good faith arm's length negotiations, that the sale is an installment sale over a protracted period, that such an extended term would not have been contracted for if it had not been contractually assured that the price adjustments would be included as part of the initial sale price, that the seller is not selling a service but a commodity, that the price in its entirety accurately reflects the commodity value of the gas or the current prices received by other producers in the field where produced and that any attempt by the Commission to freeze the price for this gas below the contracted price is confiscatory. Magnolia further states that the increase is necessary because of increases in its costs of exploration, discovery, production, gathering and processing of gas due to increases in costs of labor and materials, because of production cost increases and because of depletion and are also necessary to encourage further exploration and development.

The proposed increased rate and charge has not been shown to be justified, and may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the said proposed change, and that said rate schedule and supplement to Magnolia's rate schedule be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure and the regulations under the Natural Gas Act (18 CFR, Chapter I), a public hearing be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed periodic increase in rate and charge contained in Magnolia's Rate Schedule No. 138 and Supplement No. 1 thereto.

(B) Pending such hearing and decision thereon, said rate schedule and supplement thereto be and hereby are suspended and the use thereof deferred until June 23, 1958, and until such further time as they are made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the rate schedule nor the supplement thereto hereby suspended shall be changed until this proceeding has been disposed of, or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.37 (f)).

JURASSIC MINERALS, INC.

ORDER TEMPORARILY SUSPENDING EXEMPTION, STATEMENT OF REASONS THEREFOR, AND NOTICE OF OPPORTUNITY FOR HEARING

JANUARY 22, 1958.

I. Jurassic Minerals, Inc. (Jurassic), an Oklahoma corporation, 326 West Montezuma Street, Cortez, Colorado, filed with the Commission on August 26, 1955, a notification on Form 1-A and offering circular relating to an offering of 2,855,000 shares of its 1 cent par value common stock, at 10 cents per share, for an aggregate of \$285,500 for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of section 3 (b) thereof and Regulation A, promulgated thereunder. Bay Securities Corporation, 115 Broadway, New York 6, New York, was named as underwriter on a best efforts basis.

II. The Commission has reasonable cause to believe that the terms and conditions of Regulation A have not been complied with in that Jurassic has failed to file reports of sales on Form 2-A as required by Rule 224 of Regulation A and

has ignored requests by the Commission's staff for such reports.

III. *It is ordered*, Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given, that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

II. The Commission has reasonable cause to believe that the terms and conditions of Regulation A have not been complied with in that the issuer has failed to file reports of sales on Form 2-A as is required by Rule 224 of Regulation A and has ignored requests by the Commission's staff for such reports.

III. *It is ordered*, Pursuant to Rule 223 (a) of the general rules and regulations under the Securities Act of 1933, as amended, that the exemption under Regulation A be, and it hereby is, temporarily suspended.

Notice is hereby given, that any person having any interest in the matter may file with the Secretary of the Commission a written request for hearing; that within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made

permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

By the Commission.

[SEAL] ORVAL L. DuBOIS,
Secretary.
